

## TABLE OF CONTENTS

Minutes of the forty-eighth annual meeting of the South Dakota Academy of Science .....	5
Treasurer's Report .....	16
Minutes of the Collegiate Section of the South Dakota Academy of Science .....	18
Minutes of the Junior Academy of Science .....	19
Membership List .....	23
Presidential Address .....	31
Annual Academy Address .....	37
Research Papers Presented at the Scientific Session of the Forty-Eighth Meeting of the South Dakota Academy of Science .....	45
Very High index of refraction media for practical microscopic mineral identification. C. E. Ricketts .....	46
Monitoring ground waves and air waves from quarry blasts. Robert G. Morris .....	50
A possible pliocene deposit in the Black Hills. Morton Green and J. P. Gries .....	54
Native sulfur crystals from the Badlands, South Dakota. George Rapp, Jr. and Kenneth L. Keester .....	57
Effect of flouride addition on contact angle in the system microclinedodecylamine solution-nitrogen. Ross W. Smith .....	60
Altitudes in South Dakota. Bruno Petsch .....	65
Possible fossil gall from the Pierre formation. John C. Mickelson .....	73
Sinkholes in the Minnehata formation, Black Hills. John Paul Gries .....	76

Notes on North American species of <i>Heterosorex gaillard</i> . Robert W. Wilson .....	79
Use of a modified Hallimond cell in investigation of flotation properties of Beryl. Peter Avontins .....	84
Non-catalytic oxidation of cysteine by hydrogen peroxide. David A. Krochrock and Edwin H. Shaw, Jr. ..	88
An ecological study concerning the presence of a stand of <i>Elymus canadensis</i> L. on a native South Dakota prairie. Virgil A. Thiesfeld and Frank Welbourne .....	93
The Spongillidae and Bryozoa of eastern South Dakota. Charles M. Vaughn and Cletus N. Brummel .....	103
The vascular plants of Clay County, South Dakota. Robert L. Parenti .....	108
Photoreactivation of morphological changes in amphibian skin caused by ultraviolet radiation. Robert C. Taylor and Frederick G. Duerr. ....	124
The metabolism of hatching embryos of the brine shrimp, <i>Artemia salina</i> . David N. Emerson .....	131
The status of the gray tree frog, <i>Hyla versicolor</i> , in South Dakota. Donald G. Dunlap .....	136
Some intestinal and external parasites of the deer mouse, <i>Peromyscus maniculatus</i> . Merwyn Gene Ulrick and Charles M. Vaughn .....	140
Avian Monocephaly. Walter Morgan and Raymond J. Greb .....	144
Symmetrical wing feather absence. Walter Morgan .....	151
Studies on the function of taurine in the heart. J. D. Welty and W. O. Read .....	157
Polarizability of the antifluorite structure. R. Daniel Rehin .....	164
A comparison of colorimetric and x-ray fluorescence methods for determination of molybdenum. A. L. Lingard and M. G. Willigman .....	170

A note on the linear boundary value problem. Charles H. Frick and Charles J. Miller	174
Research Papers presented at the Collegiate Section, South Dakota Academy of Science	179
Water retention capacity in Koolinite and Mont- morillonite. Lester A. Thompson	180
Geometrical isomerism: the system 4-methyl- benzophenone 2,4-dinitrophenylhydrazone. James F. May	184
A laboratory plant for controlled nutrient ex- periment. Ray W. Albin	188
Thermal stability of organic compounds. Dwayne Rehfeld	193
grals. Leroy Benson	196
Award winning paper, Junior Academy of Science	201
Modification of plumage color in domestic pigeons by chronic administration of phenylthiourea. Lee R. G. Snyder	202
Abstracts of papers presented at the Scientific Session of the South Dakota Academy of Science	211
